Dear Parent,

Year 8 Trip to WWT Arundel, Friday 19th May 2023

We have been fortunate enough to organise a trip to the Arundel Wildfowl and Wetland Trust to study the effects of pollution on species through some pond dipping work with their education team. The content of the workshop covers an important part of Biology field work and an appreciation of the world around them. We hope that this will give pupils important hands-on experience which we would not be able to access in school.

The pupils will travel by coach and will leave school at 09:00. A packed lunch will be provided by our catering department. We expect pupils to be dressed in their normal school uniform during the trip but would ask that they wear sensible footwear, including trainers, as the paths can be uneven and slippery if wet. Upon arrival, the pupils will be split into three groups. One group will complete the workshop, while the rest will explore the gardens, learn more about the work of WWT and complete other activities linked to the birdlife at the centre. We will arrive back at school by 15:30. The cost of the trip is £23.00

Please complete and submit the [online form](#) as soon as possible. Payment is required for your son's place to be secured and may be made through the school website, by telephoning the Bursary or by direct transfer to the school's account.

This should be a valuable experience for the pupils and one which I know they will enjoy. If you have any questions or concerns, please contact me directly.

Yours sincerely,

Susie Pickett
